***Priority***

1. Acknowledgment is made of applicant's claim for foreign priority under 35 U.S.C. 119(a)-(d). The examiner has noted the certified copies for Japan 2000-365349 and Germany 101 42 893.6 application have been filed in parent Application No. 09/997222, filed on November 28, 2001. **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Specification Amend the paragraph starting on Page 1 after line 3 as follows:

This application is a divisional of U.S. patent application serial number 09/997,222 filed November 28, 2001, by applicants Tetsuji Ueda et al., now abandoned.

The drawings filed 12/9/2003 and 6/30/2005 are accepted by the examiner.

**REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: Applicant's arguments, see Remarks, filed June 30, 2005, with respect to the Blankenbecler reference have been fully considered and are persuasive. The prior art of record fails to disclose or suggest the combination of annealing an optical member of quartz glass using an overdimension portion including a thickened portion which extends from said

Art Unit: 1731

outer edge towards said center axis, said thickened portion varying in thickness so that the distance between the lower side and the upper side in an area adjacent the outer edge is greater than the distance between the lower side and the upper side in an area of said center axis. Therefore, the rejection of the claims has been withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
